Project: Cummins COE - Daikin Installation

To Whom it May Concern:

I have personally worked with Feldkamp for the last six years. Feldkamp is one of my largest customers and has always been one of the best and most organized mechanical contractors in the Cincinnati area.

I have done several Daikin jobs with them in the past 4 years and they have all gone very smooth. I think what you will find is that they will do a very clean installation with a lot of attention to detail. During the install, you will see Feldkamp make recommendations if they believe an area will be uncomfortable.

I have also received several compliments from Daikin on Feldkamp installations. Overall, I would recommend Feldkamp for this job and I believe you will be very happy with them as your installing mechanical contractor.

Please feel free to call me if you have any questions. My cell phone number is 513-280-2446.

Sincerely,
