To Whom It May Concern,

It is my pleasure to write a letter of recommendation for Feldkamp Enterprises, Inc., who has been Oak Hills Local School District's HVAC provider since 2008.

I am always pleased with the preventative maintenance, installation, change outs and general service work that Feldkamp has provided over these years. All of the employees, from accounting to the actual service technicians are always courteous and willing to go the extra mile to make sure every job is completed to mine and the school district's expectation.

Please feel free to contact me at 598-2941 at any time for additional information.

Sincerely,

John L. Beckemeyer  
Director of Operations

JLB/pah
